SERVICES AND EQUIPMENT

Establishing telephone service at your home

Call your Telephone Company
Service Representatives can help with orders for service, billing matters, rates, and inquiries or complaints (other than repair). Representatives and their supervisors are there to see that you are completely satisfied. See page 4 for telephone numbers.

Information needed for your order
- Complete address-street and number-plus city or town (apartment number if applicable).
- The type of service you want.
- How you would like your directory listing to appear. Two people with the same last name can have their first names listed at no charge.
- Information about your previous telephone service such as the telephone number and location.
- Other credit information, including employment. (No telephone credit information is given out to other businesses.)

A deposit may be required
Your Telephone Company may require a deposit from you if you have not previously had telephone service and established a prompt payment record. When you apply for telephone service, the telephone company will assess your credit rating and based on the results of this rating, a deposit may be required. The amount of the deposit will be no more than the total of two months' local service charges and two months' estimated long distance service charges.

Deposits earn 12% interest
A deposit, with twelve percent interest compounded annually is refunded within one year if your phone bills are paid by the date listed on the bill. The deposit is held as security if credit has not yet been established. If telephone service is disconnected, the deposit with interest is applied to your final bill.

Prompt payment means good credit
Your credit standing is determined by your promptness in paying your telephone bill. Payments should be received at the telephone company by the payment date on your bill.

Charges to install and change your residence service

The Northwestern Bell one-time charges to install or change your service may vary, depending on the type of work that is done.

Here is how we figure the charges:

Service order (new service) $13.00
Service order (subsequent) $9.00
You are charged for the processing of your order when you install or make changes in telephone service.

Central office connection charge $12.00
This charge is for the work we do to connect your line to our switching office.

Types of telephone service

The Northwestern Bell rates on these pages were correct as of the date this directory was printed. Current rates and charges are always available from your Service Representative.

	Residence		Business
Town	One-Party	Two-Party	One-Party
Ames	9.55	7.20	24.65

Rates for customers outside of the base rate area listed above may vary. Check with your telephone company for rates.

The rates listed above do not include the charge for the telephone set.
All rates and service charges are for towns served by Northwestern Bell only. For Independent Telephone Company towns' rates, check with the telephone company providing local service.

Home wiring options

Customers are responsible for the installation, maintenance and repair of all new and existing telephone wiring located within their premises. Inside wiring is the wire that connects the telephone company line to telephones. Generally the telephone company line is connected with inside wiring in your residence at a point close to the telephone company protector, a voltage protection device. All inside wiring must meet certain technical standards.

Three options are available:

Northwestern Bell will wire your home
If you are building a new home or remodeling your home, we can install telephone wires before the walls are put up. Or wiring can be installed in finished homes. Call a Service Representative for more information about this service and what charges apply. This service applies to Northwestern Bell customers only. Other customers should check with their telephone company to determine their wiring service.

Do-it-yourself
Special kits let you do-it-yourself. You can install new wiring or add wiring at your convenience. We'll give you a brochure that describes technical standards, wiring products and offers some helpful planning tips.

You can hire a contractor
If you prefer, you can hire a private contractor to come into your home and do the work for you. Any charges will be based on your agreement with the contractor.

Telephone equipment

Customers are responsible for securing their telephone sets or other telephone equipment. Federal Communications Commission (FCC) guidelines allow you to supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network. You are not required to obtain your telephone or other terminal equipment from the telephone company in order to receive service. Rates and services are provided on an equal basis no matter where you obtained your equipment.

Telephones or other terminal equipment must be approved by the FCC and inside telephone wiring must meet certain technical standards. You are responsible for the proper connection, maintenance and repair of telephone equipment and inside wiring you are providing.

A charge of **$50** will apply for each repair visit by the telephone company requested by you when it is determined that the difficulty was due to a condition in customer-provided telephone equipment or inside wiring. This charge is to recover the costs of sending a repair technician to your premises. No charge applies if the difficulty is found in the telephone company equipment.

FCC rules also require that you notify the telephone company before connecting your equipment.

Privately owned data equipment may be connected to certain semi-public phone service. Contact your Service Representative for information.

A charge of **$95** will apply for each repair visit by the telephone company requested by a data customer when the service difficulty is determined to be in the customer-provided data equipment.

(Customers of Independent Telephone Companies should contact their local business office regarding telephone equipment.)

Repair service

Trouble with your telephone may come from these sources:
1. The telephone set
2. Wiring inside your residence
3. Telephone company lines or equipment

There are several steps you can take to determine the source of your own telephone problems before you call Repair Service.

Telephone set problems
If you have more than one phone, unplug the one from which you first detected the problem. Plug another phone into the jack and see if the problem still exists. If it doesn't, chances are the trouble is in the first phone.

If it's a telephone provided by Northwestern Bell, you can exchange it at your nearest Northwestern Bell Customer Service Center. Otherwise, return the phone to the supplier from whom you got it, or follow the repair instructions on the warranty. If you ask for a Northwestern Bell repair person to visit your residence and it's found that the problem is in your own equipment, there will be a charge. If it's a phone leased from Northwestern Bell, there will be no charge.

Inside wire problems
If you have a modular phone, plug it into the jack nearest where your phone line comes into your residence. If the phone works there but nowhere else, the trouble is probably with your inside wiring.

If you have subscribed to the Home Wiring Maintenance Plan, there will be no additional charge to have Northwestern Bell repair it. If you have not subscribed to the plan, you can repair the wire yourself, have someone else do it for you, or ask Northwestern Bell to repair it for an additional charge.

Trouble outside your residence
If you are unable to determine the source of your telephone problem, call Repair Service. An employee will test the line and tell you whether the problem appears to be in telephone company lines and equipment or in your phone or inside wiring. Northwestern Bell will continue to repair problems outside your residence at no additional charge.

Touch-Tone® service

Customers providing telephones using tone-emitting push buttons instead of a rotary dial must have their telephone line equipped to handle Touch-Tone service. Contact your Service Representative to have the telephone company make the necessary changes in its central office so your push-button phones will work properly. An additional monthly charge applies for the use of Touch-Tone service.
Touch-Tone (per line)..... $1.45 per month

Additional services

Busy verify . . . $.30 per request
This service means that upon request an operator will verify the status of a telephone line.

Interrupt . . . $.50 per request
This service means that upon request an operator will interrupt a call to tell a customer that someone else wants to call their number.

Local operator assistance
This service means that upon request an operator will dial a local call for a customer. Different charges apply depending on billing arrangements.

Calling Card/Special Billing Number	**$.50 per call**
All other Station Calls	**$.95 per call**
Person-to-person	**$2.25 per call**

Residence directory listings

Listing comes with new service
With your basic telephone service, you receive a listing in the white pages of your phone book. You can list one name in the book, or two people with the same last name without an additional monthly charge.

To change your listing
If you want to change your white page listing for the next phone book, just call your Service Representative before *9-10-84 — the directory "close date." For each listing change, you pay a one-time service order processing charge. To make members of your household easier to find, you may want to consider extra listings.

*This date is approximate and could change without notice. To ensure a timely listing change, it's a good idea to call as far in advance as possible.

Additional listings . . . $.55/mo.
This service is for people with different last names (such as roommates), who share a telephone number and want each name listed in the white pages of the telephone directory.

Non-published number . . . $1.35/mo.
This service means that your telephone number is not in the directory and is not available through Directory Assistance.

Non-directory listed . . . $.65/mo.
With this service your telephone number is not listed in the directory but is available from Directory Assistance.

Disconnecting dial tone

There is no charge to disconnect dial tone. Call your Service Representative for information. If you wish, charges can be stopped the day you call.

Coin phones

Calls without coins
A new type of coinless public telephone that accepts only credit card, collect or third party billed long distance calls you dial is also in service in this area. These "Charge-A-Call" phones accept no coins and are for long distance calls only. If you find a coin phone that is not working, please go to another phone and call the Residence Repair number.

On calls billed to a third number and originating from Public Phones, the operator will call the third number for approval of the charge.

Consumer rights

How to complain
Your Northwestern Bell Service Representative has a basic responsibility to answer your questions and resolve your problems. If you're not satisfied, feel free to ask for a supervisor or the manager. If you're still not satisfied, you may write a letter detailing your complaint and send it to:

Supervisor-Customer Complaints,
Northwestern Bell
620 Ninth St.
Des Moines, Iowa 50309

If you cannot get your problem resolved, you may refer your complaint to:
Iowa State Commerce Commission
Consumer Services Section
Lucas Building, 5th Floor
Des Moines, Iowa 50319
(515) 281-5979

For a copy of Northwestern Bell's Statement of Consumer Rights, please write to:
District Manager
Customer Relations
Northwestern Bell
620 Ninth St.
Des Moines, Iowa 50309

How to get credit for loss of service
If you have reported that you are unable to make or receive calls and Northwestern Bell's equipment is out of service more than 24 hours, you are entitled to a credit on your next bill for the local service charges.

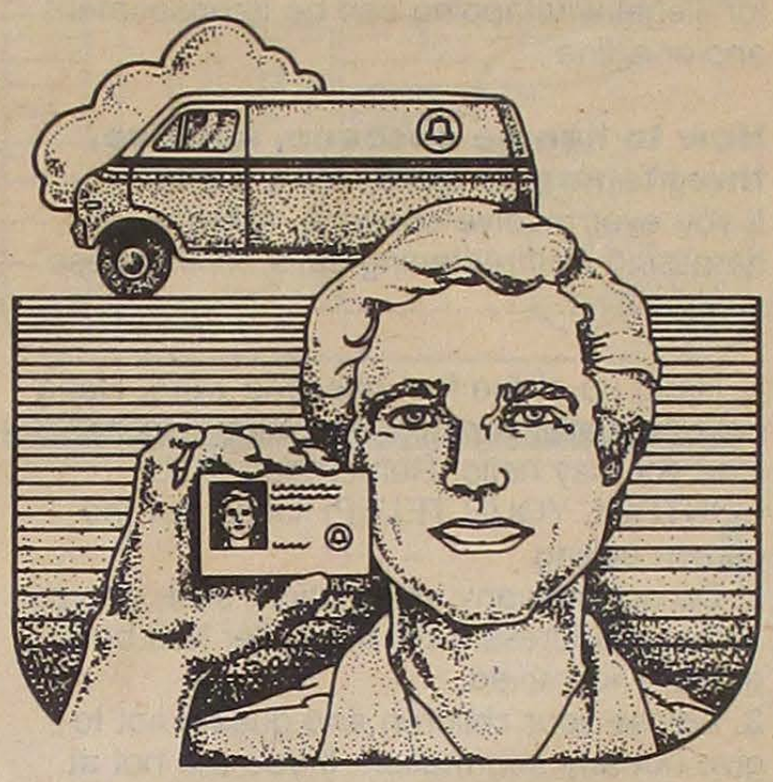

Directory Errors and Omissions
Northwestern Bell's liability due to errors in or omissions of directory listings shall be limited to and satisfied by an amount not exceeding one-half of the local exchange service charges (lines or trunks if PBX-CENTREX) for the service affected for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listing.

This tariff is on file with the Iowa State Commerce Commission and is also available for review at your telephone company.

Northwestern Bell has attempted to publish herein information that is current and accurate. However, the company cannot guarantee errors will not occur. The company is not responsible for the accuracy of material supplied by its subscribers or advertisers. In no event does Northwestern Bell assume any responsibility to notify directory users of any error or omission.

Consumer information

Our employees carry company identification cards
For your safety every Northwestern Bell employee is required to carry an identification card showing his or her name, and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

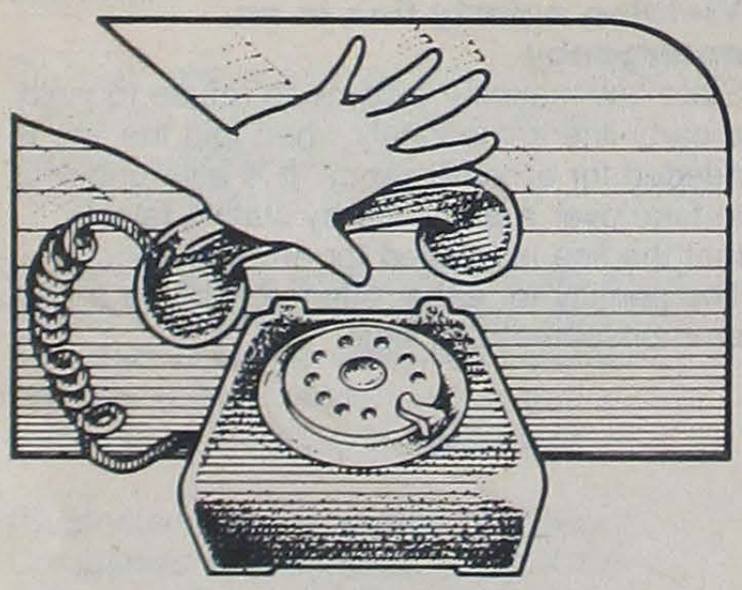

Harassment by telephone
It is a crime under both state and federal laws for anyone to make obscene or harassing telephone calls. These laws have penalties of imprisonment and/or a fine.

Yielding a party line in an emergency
State law makes it a crime to refuse to yield a party line immediately when told the line is needed for an emergency. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense shall be a fine or imprisonment, or both.

Unlawful wiretapping is subject to prosecution
It is a crime under federal and state laws for any person to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one or both of the parties actually participating in the call. Properly authorized law enforcement officers can take part in interceptions without the consent of either party, when proceeding under court orders issued following the appropriate federal or state law. The penalty for illegal wiretapping can be imprisonment and/or a fine.

How to handle obscene, abusive, threatening or harassing calls
If you ever receive obscene, abusive, harassing or threatening calls, follow these suggestions:

1. Hang up at the first obscene word. Hang up if the caller remains silent the second time you say hello. Remember, YOU CONTROL YOUR TELEPHONE, not the person calling.
2. Do not give any information, such as your name or address, until the caller has been properly identified.
3. Advise your children and guests not to give out any information. If you are not at home, those answering your telephone should be instructed to say, "They're busy right now, may I take a message?"
4. If calls persist call your Telephone Company or your Police Department.

Fraudulent billing can lead to prosecution
It is illegal for a person to charge long distance calls to another's number or Calling Card without their permission. Persons placing such calls to avoid payment for service are subject to prosecution and if convicted are subject to imprisonment and/or a fine.

If you lose your calling card
If your long distance calling card is lost, stolen or destroyed, report the problem to your telephone company (See page 4 for number). You will not be charged for calls you did not make. Arrangements will be made to issue you a new calling card.

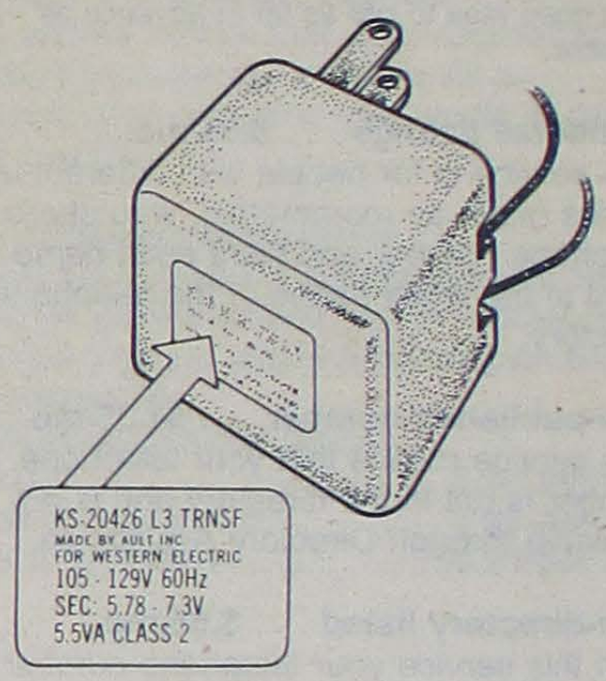

Telephone safety
The telephone is one of the safest appliances in your home or office, but there are a few situations where a telephone user should be cautious.

- Do not use the telephone while you are in the bathtub, shower, or swimming pool. Putting the telephone in water could cause a shock.
- Avoid using the telephone during electrical storms in your immediate area. Urgent calls should be brief. Northwestern Bell uses protective measures to limit electrical surges from entering your home, but absolute protection from lightning is impossible.
- If you suspect a gas leak, report it immediately, but use a telephone away from the area in question. The telephone's electrical contacts could create a tiny spark when you dial. While unlikely, it is possible that this spark could ignite heavy concentrations of gas.

Northwestern Bell customers may have a telephone transformer that can cause a fire
You may have a faulty transformer installed in your home. It was manufactured by AULT, Inc. (see illustration) and installed by the telephone company. It could cause a fire. The transformer needs to be replaced at no cost to you.

Please check to see if you have any of these transformers (see illustration). They are not part of your phone set. These units plug into an electrical outlet to light the dial on some phones. They can be located anywhere in your home. Even if you do not have a lighted dial phone, you may still have transformers from a previous installation.

If you find a transformer, call the residence repair number.

How to connect and disconnect modular telephones

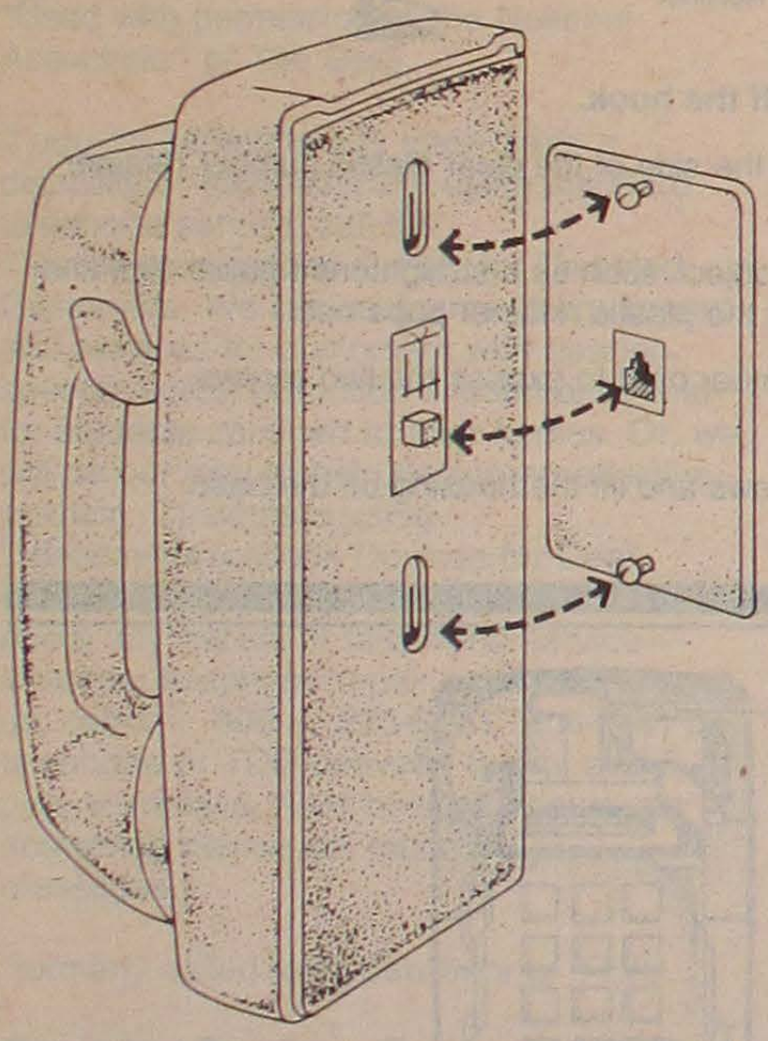

9

These drawings show you how to install or disconnect your telephones.

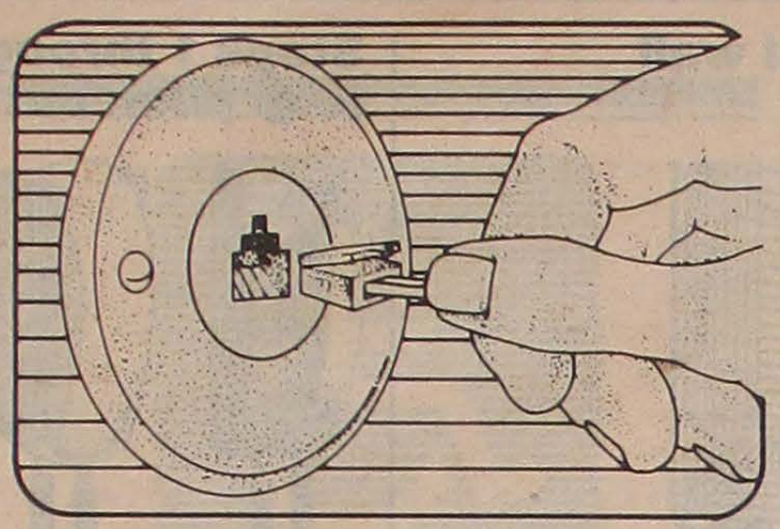

Drawings one through four show standard wall sockets, or jacks, for modular telephone cords. To install your phone, match the plug at the end of the cord with the jack, and insert. To disconnect your phone, squeeze the clip on the plug and pull it out of the jack.

Drawings five and six show different kinds of jacks, called non-standard jacks. You can use these modular phones by putting an adapter in between. Plug the adapter into the jack, then plug the cord into the adapter. Adapters may be available where you lease or purchase your phone.

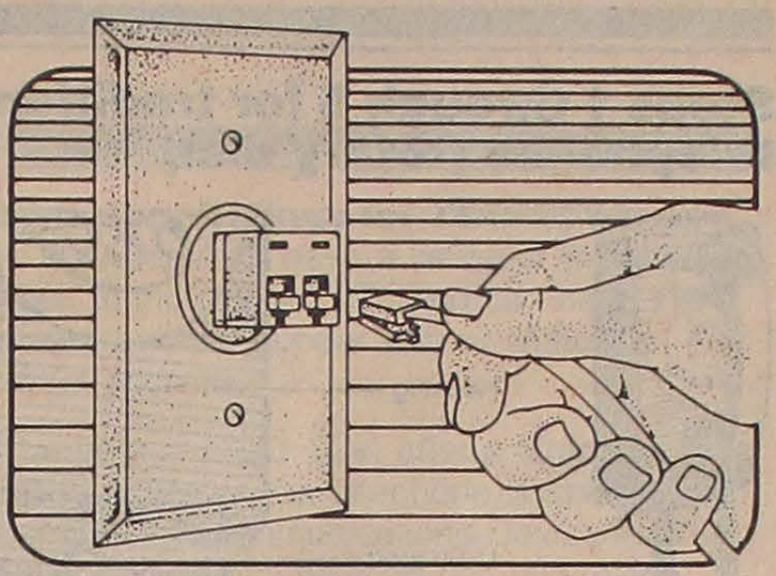

A jack for a wall mounted telephone is shown below. To connect your wall phone, match the holes in the back of the phone with the rivets on the wall mounting. Push the phone lightly against the mounting and slide it down into place. To disconnect, slide the phone up to lift it off the rivets, then pull it away from the wall.

Removing non-modular wall telephones

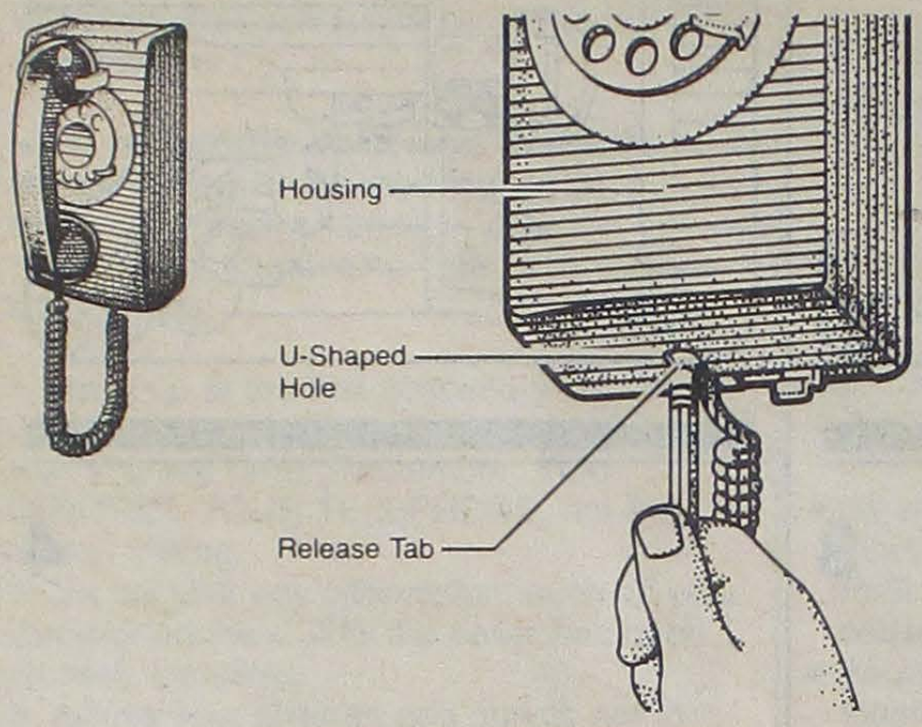

10

These instructions are for non-modular wall telephones only. If your wall telephone is modular, please see the preceding page.

Prevent incoming calls by lifting the handset off the hook. You can do this at the wall phone you are removing or at any other phone connected to the same number. Ignore any tones you hear through the handset. You will need a screwdriver and a pair of insulated wirecutters. Follow steps 1-5 below for the type of wall telephone you have. Then follow steps 6-8 for all types of wall phones.

Do not attempt to remove your wall telephone during severe weather conditions, such as thunderstorms.

Steps 1 through 5 for traditional wall telephones (rotary dial)

1. Be sure handset is off the hook.

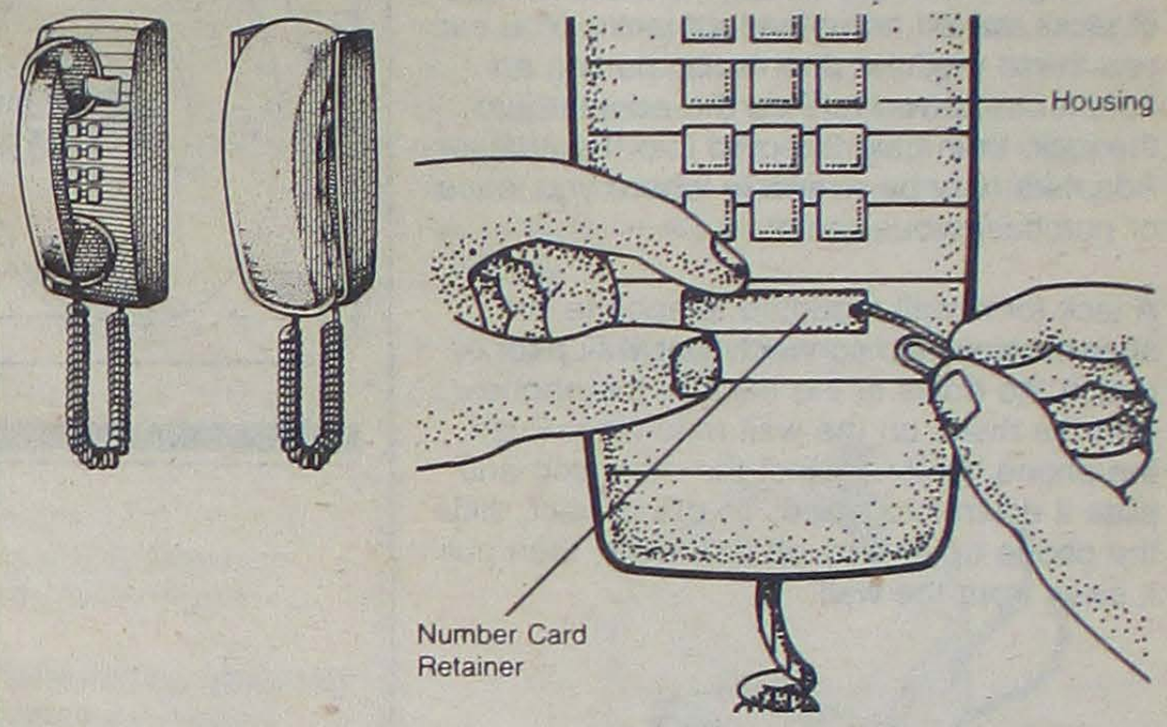

2. Find the U-shaped hole in the bottom of the wall telephone, where the handset cord enters the wall set.

3. Place a small blunt object, such as a pencil eraser, against the release tab in the U-shaped hole.

4. Press in on the bottom of the housing while pressing up with the eraser on the release tab, and release the housing.

5. Pull the housing toward you, unhook the latch from the spring at the top of the wall set, and remove the housing.

Steps 1 through 5 for other wall telephones (e.g. push button and Trimline® sets)

1. Be sure handset is off the hook.

2. Find the small hole on the side of the clear plastic number retainer card.

3. Insert a small pointed object, such as a straightened paper clip, and gently bend outward until the plastic retainer pops out.

4. Remove the paper number card to expose the two screws underneath.

5. Remove these two screws and lift the housing off the base.

Steps 6 through 8 for all wall telephones

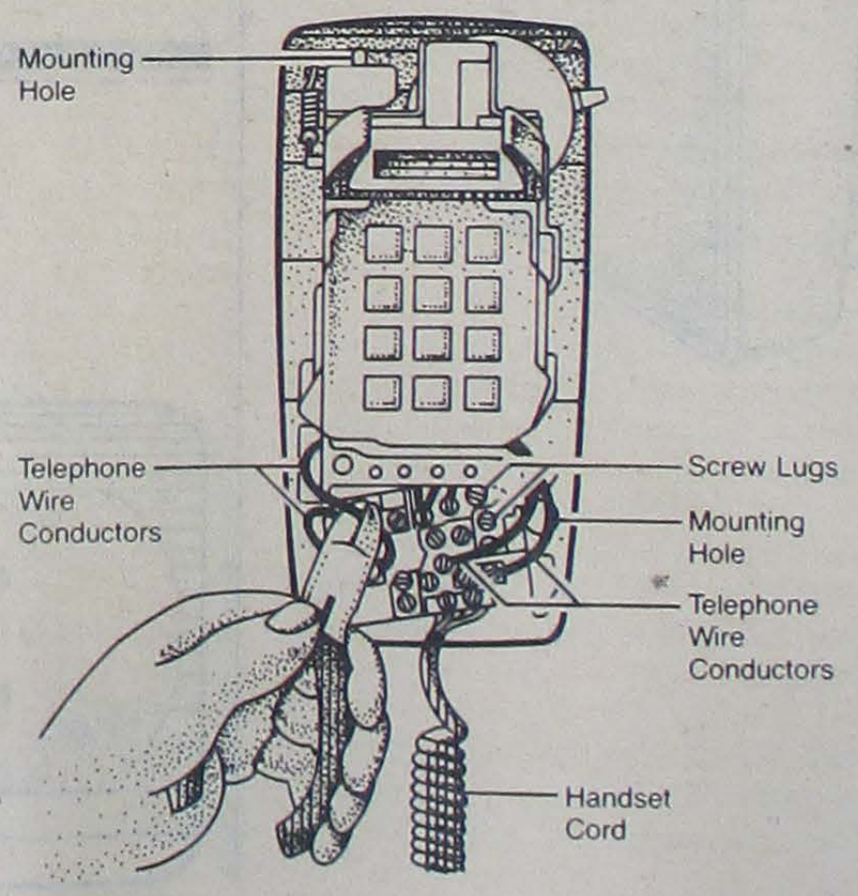

6. Find the telephone wires entering the phone. (If you have to remove the base of the phone from the wall to do this, remove the mounting screws that hold the telephone set to the wall.)

7. Using the insulated wirecutters, cut the four colored conductors (red, green, yellow and black) that come from the wires just above the screw lugs.

If your telephone has six conductors, use the wirecutters to cut them, too. These wires are also color-coded;

blue with white band	white with orange band
white with blue band	green with white band
orange with white band	white with green band

8. Remove the mounting screws holding the phone in place, and remove the wall telephone.

If you, or someone you know have a disability or have difficulty using standard telephone service, call the Telecommunications Center for Disabled Customers. We can recommend equipment and services for customers with hearing, speech, vision or motion impairments, and for students confined to their homes. Or, we will do our best to help design an effective solution. Customers using Telecommunications Devices for Deaf Customers (TDDs)* may contact the Center about any aspect of telephone service — including telephone repair service. To reach us, call **1 + 800 + 223-3131** (toll-free) by telephone or TDD between 8 a.m. and 5 p.m. weekdays. After business hours, an answering device will record TDD messages.

*formerly called teletypewriters or TTYs

Operator Services Center for TDD Customers

Northwestern Bell will provide operator assistance to its customers who use Telecommunications Devices for Deaf Customers (TDDs). Any TDD user making calling card, collect, directory assistance or other operator-assisted calls should call **1-800-855-1155.** This number may also be used for after-hour repair service.

Operator services and directory assistance charges exemptions

If a physical impairment prevents you from dialing phone calls for yourself, we don't want you to pay the added costs of having the Operator place calls for you. Contact the Telecommunications Center for Disabled Customers or your Service Representative (Customer Guide page 4), and we'll arrange an exemption from the usual charges for an Operator-assisted call.

Persons who are unable to use a Directory because of a disability may request an exemption from the Directory Assistance credit and pricing plan. Your Telephone Company will supply a simple form to be signed by a competent authority attesting to a person's disability.

TDD/TTY (Telecommunications Devices for the Deaf) services

Hearing impaired or speech impaired persons with TDDs can communicate via telephone with other TDD-users. The phone receiver fits into an acoustic coupler on the typewriter-like devices and permits the users to type messages back and forth.

Telecommunications for special needs

Products and services which help meet the needs of disabled people are described in the brochure, "Telecommunications Services for Special Needs." The booklet is available from your Northwestern Bell Service Centers.

Directory listings for TDD/TTY-users

A TDD-user can have a listing in the phone book to indicate a TDD, and can have the phone number appear with or without a street address.

The phrase (TDD only) after a directory listing indicates the telephone is answered using a Telecommunications Device for the Deaf, and communication can take place over the line only via another TDD. If a listing is followed by (TDD and voice), both TDD-users and speaking/hearing people can communicate over the line.

Long Distance discounts for TDD users

TDD users can get discounts on long distance calls ranging from 40 to 75 percent, depending upon the time of day and day of the week a call is made. Discounts are restricted to direct dialed calls placed from TDDs. The program is for qualified persons having certified disabilities that limit their telecommunications to TDDs. For application forms or additional information, call **1-800-223-3131** (voice or TDD).

Paying by mail

We appreciate your payment by mail
A return envelope is included with each monthly bill. Please enclose the payment card with your payment. Write your telephone number on your check or money order. For Northwestern Bell Customers, if the return envelope is not available, address your payment to:

Northwestern Bell
P.O. Box 737
Des Moines, Iowa 50338

Or, you may also pay your bill through our Tele-Chek plan. With Tele-Chek, you can authorize your financial institution (bank, credit union, or savings and loan) to pay your bill directly from your account.

To apply for Tele-Chek, call your Telephone Company (Numbers on pages 4 and 5).

Paying in person

When payment is made in person, please present the complete bill.

You may pay your bill at any of the following locations:

Northwestern Bell Customer Payment Center
509 Main, Ames

Campus Book Store,
2300 Lincoln Way, Ames
8:30-5:30 Mon.-Sat.

Questions about your bill

How am I billed?
Charges for telephone service are billed one month in advance. Long distance and telegrams are billed from the last bill date through the day prior to the current bill date; charges for installing or changing telephone service are billed the same way.

When is my bill due?
The Telephone Company should have received your payment on or before the due date on your bill. Payments received after the bill date will be shown as a balance on the next bill.

What happens if I can't pay my bill on time?
If you can't pay by the Due-by-Date call your Service Representative. We may be able to make payment arrangements in case of illness or other circumstances beyond your control.

The telephone company does not apply an extra charge for bills paid after the due date, but repeated late payments may damage your credit record with us. You may be requested to pay a deposit or an additional deposit as a result of late payments. Late payments may also result in your phone service being disconnected.

There is a $10 charge for a check, bank draft or an electronic fund transfer item that is returned unpaid to the telephone company.

How can I get service restored if it has been disconnected for nonpayment?
All past due charges billed for service must be paid before your service can be reconnected. You will also have to re-establish your credit, and as a result, we may require an advance payment and/or deposit on your service. You must also pay a charge to have your service reconnected.

What should I do about questions or mistakes on my bill?
Call your Service Representative who can answer questions, investigate possible errors and provide information about bills. Your Service Representative's telephone number is on your bill.

Is there any way to get advance warning when an unusually large number of long distance calls are being charged to my bill?
If you have an unusually high amount of long distance calls being billed to your account, we may contact you to make you aware of it. If the number of calls is not abnormally high, however, you would first become aware of your long distance charges when you see them itemized on your monthly bill.

Directory Assistance Credit and Pricing

Northwestern Bell customers receive a 52 cent credit on their monthly local service as a part of the Company's Directory Assistance Credit and Pricing Plan. Customers have a basic four-call allowance each month for calls to local Directory Assistance (1411) and for numbers within Iowa's 515, 319 and 712 area codes. Directory Assistance calls over the allowance cost 25 cents each. Charges will apply on requests for numbers not listed in the directory.

Directory Assistance charges do not apply to calls from hotels, motels, hospitals, and coin telephones.

There is no charge for Directory Assistance calls outside Iowa.

The blind and physically disabled may apply for exemption from these charges through the Residence Service Center (See page 4).

This plan applies to Northwestern Bell customers in Iowa only. Other customers should check with their telephone company to determine if they have a similar program.

Five ways to save on Directory Assistance charges

1. Write down the numbers that you call frequently. You may wish to circle or underline a number in your directory to quickly find the number a second time.

2. To get the telephone number of someone who has recently moved, call the old number. A new number reference is generally provided.

3. If you need two numbers, request them both at the same time. Once a call to Directory Assistance has been placed, a second listing is given at no charge.

4. You can save the cost of a second call to Directory Assistance if you can supply complete information the first time: exact location, accurate spelling and full names.

5. If you are not sure of the name or spelling of a restaurant, theater, store, union or business, check the Yellow Pages under the appropriate heading.

How to obtain directories
Additional directories or directories for other areas may be obtained by calling your Service Representative. In some cases a charge may apply for out-of-town directories. Telephone directories of principal United States cities are available for your use at most libraries.

Errors in directory listings
If your listing is incorrect or omitted from this directory, please contact your Telephone Company (See page 4 for number). We will correct our records to assure that such an error or omission does not recur.

LONG DISTANCE CALLING

Dialing direct costs less

By dialing your own long distance calls, you will pay the lowest rate and pay for only the minutes you talk (one-minute minimum).

To place a direct-dialed call:

within the 515 area, dial:

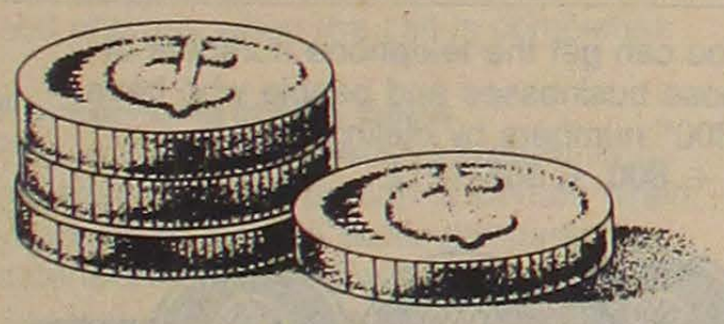

1 + the telephone number

Only Slater dial:
1 + identifying digit + the telephone number

outside the 515 area, dial:

1 + the Area Code + the telephone number

Only Slater dial: 1 + identifying digit + Area Code + telephone number

Credit for poor connections or wrong numbers

When you dial long distance and reach a wrong number, have a poor connection or other problems, hang up and dial "**O**" (Operator) right away. Explain what happened so the Operator can arrange for the proper credit. The faster the problem is reported, the easier it will be to give you credit.

If you have trouble dialing directly, call the Operator and explain the difficulty. The call will be placed for you, and you will be charged at the direct-dialed rate.

Customer-dialed Calling Card calls

All Calling Card Customers

If you have a Calling Card (credit card), you can place long distance calls conveniently and have them charged to your regular monthly bill. For minimum billing periods and rates, see Customer Guide pages 18 & 19. Calling Cards may be obtained at no charge by calling your Service Representative.

To place a Customer-dialed Calling Card call:

within the 515 area, dial:

0 + the telephone number

Only Slater dial:
0 + identifying digit + the telephone number

outside the 515 area, dial:

0 + the Area Code + the telephone number

Only Slater dial: 0 + identifying digit + Area Code + telephone number

When the Operator comes on the line, say you're placing a Calling Card call and give your card number.

Customer-dialed Calling Card Calls from Touch-Tone® phones

This new service will allow you to place a Calling Card call without operator assistance. After dialing "O" plus the distant number, you will hear a special tone. Then you dial your full 14-digit Calling Card number. If you happen to misdial, an announcement will give you the correct procedure.

To place a Customer-dialed Calling Card call from Touch-Tone phones only:

within the 515 area, dial:

0 + the telephone number (wait for tone) + Calling Card number

Only Slater dial:
0 + identifying digit + the telephone number + Calling Card number.

outside the 515 area, dial:

0 + the Area Code + the telephone number (wait for tone) + Calling Card number

Only Slater dial: 0 + identifying digit + Area Code + telephone number + calling card number.

Sequence calling

You can place more than one Calling Card call without entering the full card number each time.

To place a sequence call from a Touch-Tone phone:

Don't hang up

Dial # + the new number

Billing on the first call stops when you begin your sequence call. You don't have to redial your Calling Card number to have the new call automatically charged to the billing number.

Operator-assisted calls

Long distance calls requiring an Operator are more expensive. For minimum billing periods and rates, see Customer Guide pages 18 and 19.

To place an operator-assisted call:

within the 515 area, dial

0 + the telephone number

Only Slater dial: 0 + identifying digit + telephone number

outside the 515 area, dial

0 + the Area Code + the telephone number

Only Slater dial:

Types of operator-assisted calls

Collect calls

You may call collect if the person or firm you are calling agrees to pay the charges. Dial the call and when the Operator comes on the line, say you're placing a collect call and give your name. The Operator will leave the line when the person you've called accepts the charges.

Person-to-person calls

This is the most expensive type of long distance call. Call person-to-person when you wish to reach a particular person or extension number. Dial the call and when the Operator comes on the line, give the name of the person you wish to talk to. Also, if you want to charge the call to your Calling Card, give the operator your card number. The Operator will leave the line when the person you're calling has answered the telephone.

Calling Card calls

If you have a Calling Card (credit card) and want to place a person-to-person call, you must place an operator-assisted Calling Card call. Dial the call and when the Operator comes on the line, tell the Operator that you wish to make a person-to-person call and give the name of the person you want to talk to.

Third number calls

You may place station-to-station or person-to-person calls with the Operator and have the charges billed to a third telephone number. Dial the call and when the Operator comes on the line say you'd like to charge your call to a third number and give the Operator that number including the Area Code. On calls billed to a third number and originating from Public Phones, the Operator will call the third number for approval of the charge. This call will not be completed unless the charges are accepted.

Time and charges

When placing a station-to-station or person-to-person call with the Operator, you may request that the Operator tell you the length of time you talked and the cost of the call. Dial the call and when the Operator comes on the line say that you will want time and charges when the call is completed.

Other types of calls

Mobile calls-air-land-marine

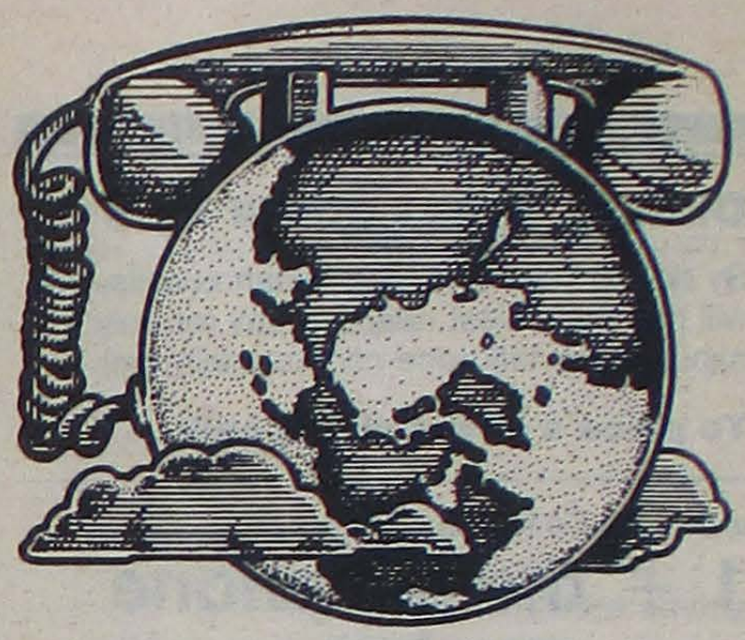

You can make local and long distance calls to automobiles, trucks, aircraft, boats and ships. Ask the "Operator" for the Mobile or Marine Operator. For information on the other Communications Common Carriers, consult the Yellow Pages under "Paging & Signaling", and "Radiotelephone Communications" headings.

Conference calls

You can talk with several people in different cities at the same time by dialing the Operator and saying you wish to make a conference call. Give the Operator the names and long distance telephone numbers of the people you want to talk to. You may want to arrange a calling time in advance.

International calls

You can call practically anywhere in the world by dialing the Operator. However, some customers can dial overseas calls directly to many countries. See the International Calling section of this directory for more information.

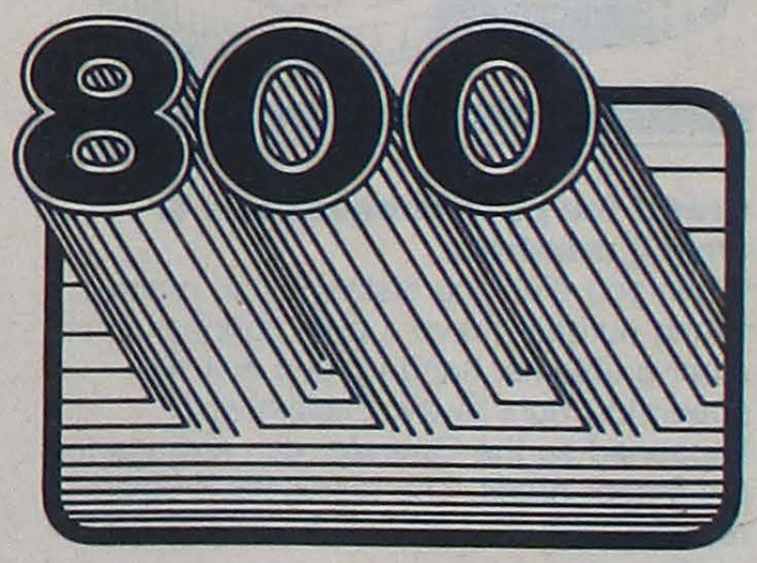

"800 Service" telephone numbers

Long distance calls can be made without charge when calling those businesses and people who have "800" numbers.

To call an "800" number dial:

1 + 800 + the telephone number

You can get the telephone numbers of those businesses and people who have "800" numbers by dialing:
1 + 800 + 555-1212

Types of operator-assisted calls for Colo customers only.

Collect calls
You may call collect if the person or firm you are calling agrees to pay the charges. Dial the Operator and say you're placing a collect call and give your name. The Operator will leave the line when the person you've called accepts the charges.

Calling Card calls
If you have a telephone Calling Card you can have long distance calls charged to your regular monthly telephone bill. Dial the Operator and say you are placing a Calling Card call and give your credit card number. Calling Cards may be obtained from your Telephone Company at no charge.

Third number calls
You may have long distance charges billed to an authorized third telephone number. Dial the Operator and say you'd like to charge your call to a third number and give the Operator that number including the Area Code. On calls billed to a third number and originating from public phones, the operator will call the third number for approval of the charge.

Time and charges
When placing a long distance call you may ask the Operator to tell you the length of time you talked and how much it cost. Dial the Operator and say that you will want time and charges when the call is completed.

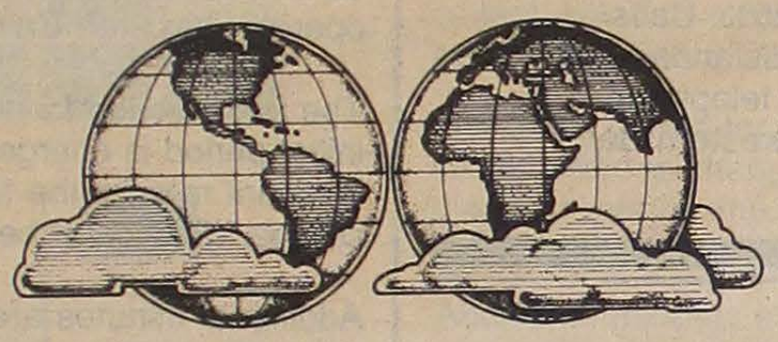

Person-to-person calls
This is the most expensive type of long distance call. Call person-to-person when you wish to reach a particular person or extension number. Dial the Operator and say you are making a person-to-person call and give the name of the person you want to talk to. The Operator will leave the line when the person you're calling has answered the telephone.

International calls
You can call practically any telephone in the world from your phone. Tell the Operator you want to place an overseas call and give the name of the country you are calling.

For an answer to any questions you might have about international calling, (24 hours)
Dial (toll free) 1-800-874-4000

Calling Card calls

You can make a call from any phone in the U.S. to any place in the world and charge it to your Calling Card. In many cases you can also place Calling Card calls from overseas places to the U.S., (instructions are on the back of the Calling Card). Your Calling Card can only be used to call back to the U.S. It cannot be used for calls between foreign countries.

Calls to Canada, Puerto Rico, the U.S. Virgin Islands and most dial points in the Caribbean/Atlantic Region
These calls can be dialed the same as long distance calls within the Continental United States. See the Long Distance section in this guide.

Rates to Canada, Mexico, Puerto Rico and the U.S. Virgin Islands are not listed in the rate chart. Call "0" (Operator) for rates to these points.

To Call Mexico
If International Dialing is available in your area, dial 011 + 52 + City Code + Local Number. If International Dialing is not available in your area, you can still dial calls to Mexico City and Northwest Mexico:

Mexico City, dial 90 + 5 (City Code) + Local Number

Northwest Mexico, dial 70 + City Code (2 or 3 digits beginning with 6) + Local Number.

For calls to other points in Mexico, dial "0" (operator).

Rates
The chart outlines the rates to countries within the nine world rate regions. The rate period is determined by the time at the originating telephone.

***For countries that cannot be dialed, station and/or person rates apply. Also additional minute rates are higher.**

Lowest rates — dial-direct one-minute rates

Dial-direct calls are those completed from a residence or business phone without operator assistance.

On dial-direct calls, **you pay only for the minutes you talk.** The initial rate period is **one minute** any time of day or night.

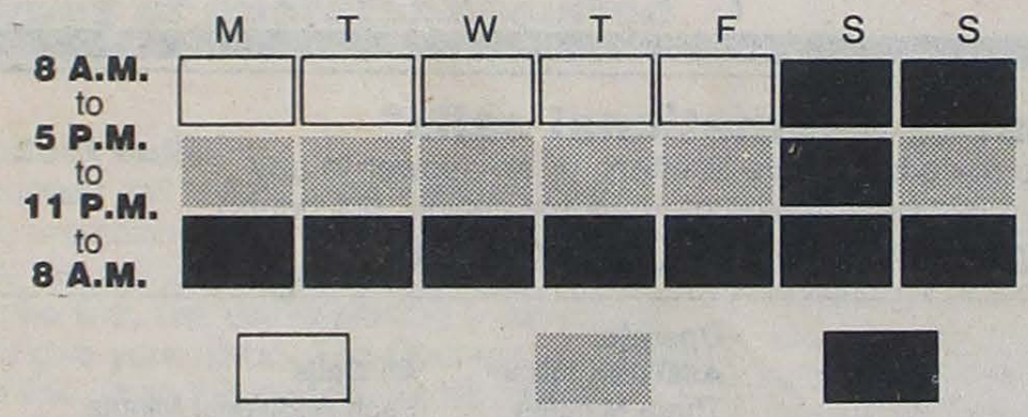

Specific rate period billing charges

If you start your call during one rate period and hang up in another rate period, you will be billed at the rates applicable to each period. For example, if you begin a call at 4:50 p.m. and hang up at 5:50 p.m., you're charged the full rate for 10 minutes and 35% off for the last 50 minutes (based on a weekday call).

The Hawkeye State Plan

If you frequently call long distance within an approximate 30-mile radius, The Hawkeye State Plan may be of interest to you. For a $1.00 monthly charge plus a one time service order charge, after 12 noon on weekdays and all day Saturday and Sunday, long distance calls you dial yourself to nearby communities in Iowa will be discounted 25%. Calls made on holidays are billed at the regular long distance rates and holiday discount rates apply. Call your local telephone company for more information. These are Northwestern Bell rates. Other communities may vary.

Additional savings apply evenings, nights and weekends.

Customer-dialed Calling Card rates

Calling Card calls are a convenient way to place long distance calls and have them billed to your regular monthly bill. (See dialing instructions on page 15.)

Calling Card calls cost more than dial-direct but cost less than operator-assisted calls.

The initial period for Calling Card calls is **one minute.** The initial period is charged at dial-direct rates plus a service charge. (See chart below.) Additional minutes are charged at dial-direct rates and include the same discount applicable to the time period when you call.

Highest rates — operator-assisted rates

Operator-assisted calls are those requiring the assistance of an operator to complete the call. These include person-to-person, coin, collect, billed to a third number, hotel guest, time and charges and operator-assisted Calling Card calls.

The initial period for all operator-assisted calls is **one minute.** The initial period is charged at dial-direct rates with the applicable discount rate for the time period when you call plus a service charge. (See chart below.)

Additional minutes are charged at dial-direct rates and include the same discount applicable to the time period when you call.

To determine the cost of some sample Customer-dialed Calling Card or operator-assisted calls, first figure the dial-direct rate for a specific call from the chart to the left. Then add the following amounts to that rate:

To determine the cost of some sample Customer-dialed Calling Card or operator-assisted calls, first figure the dial-direct rate for a specific call from the chart to the left. Then add the following amounts to that rate:

Service Charges**

Dial-direct rate plus ▶	Customer-dialed Calling Card	Operator-assisted	
		Station-to-Station	Person-to-Person
	$1.05	$1.55	$3.00

**Evening and night/weekend discounts do not apply to service charges.

Specific rate period billing charges

If you start your call during one rate period and hang up in another rate period, you will be billed at the rates applicable to each period. For example, if you begin a call at 4:50 p.m. and hang up at 5:50 p.m., you're charged the full rate for 10 minutes and 40% off for the last 50 minutes (based on a weekday call).

Alaska, Hawaii, Puerto Rico and the Virgin Islands

The Operator can give you rates for calls to these locations. Discount levels are slightly different for calls to Alaska and Hawaii.

Area Codes and Time Zones

Iowa Area Codes

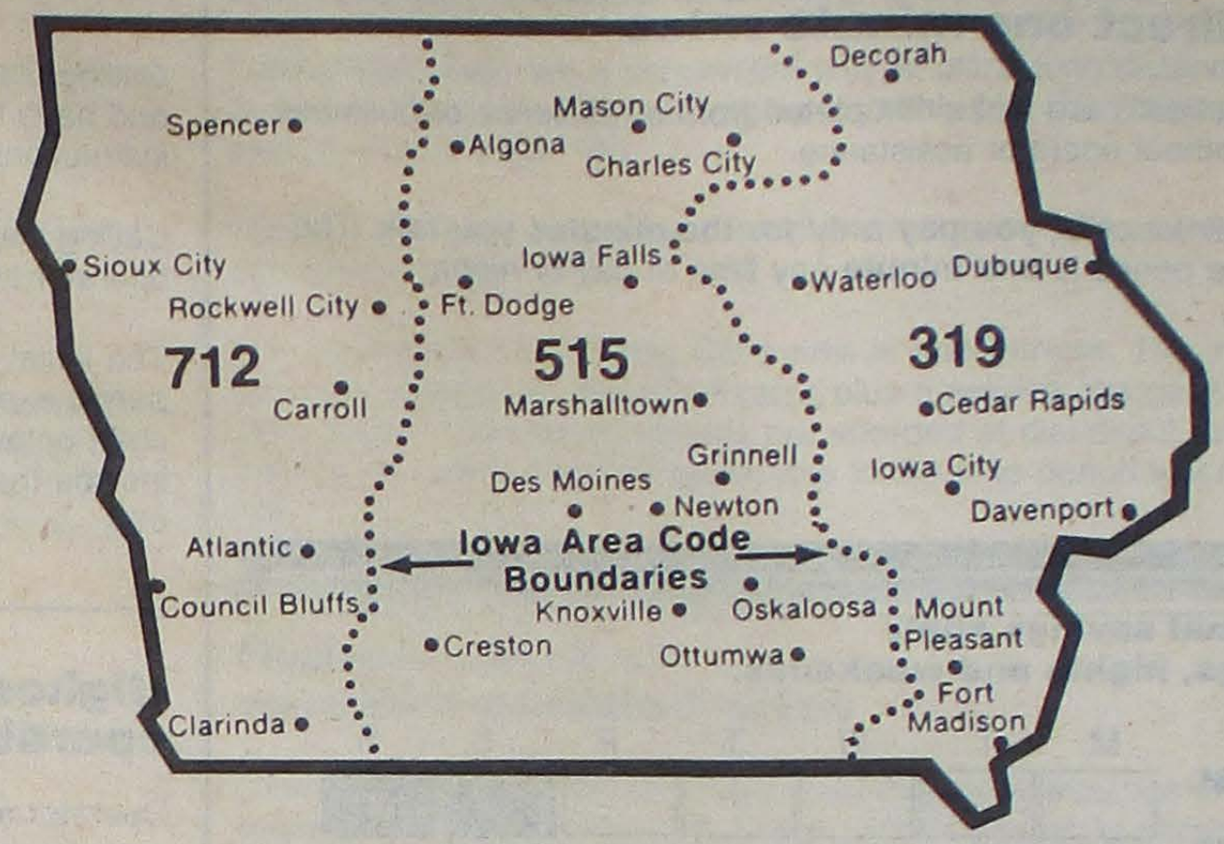

Each area has a three-digit Area Code. The Area Code for this directory is indicated on the front cover and on your telephone.

The Area Code of the telephone you are calling should be dialed, or given to the Operator if it is different from the Area Code of the telephone you are using. It should not be used if both Area Codes are the same.

When you give someone your telephone number, include your Area Code — it might be needed to place a call to you.

Consult Area Code list on page that follows for specific cities not indicated on these maps.

If you want the Area Code for a place not listed, dial the Operator.

Money Saving Tips

The Hawkeye State Plan
If you frequently call long distance within an approximate 30-mile radius, The Hawkeye State Plan may be of interest to you. For a $1.00 monthly charge plus a one time service order charge, after 12 noon on weekdays and all day Saturday and Sunday, long distance calls you dial yourself to nearby communities in Iowa will be discounted 25%. Calls made on holidays are billed at the regular long distance rates and holiday discount rates apply. Call your local telephone company for more information.

These are Northwestern Bell rates. Other companies may vary.

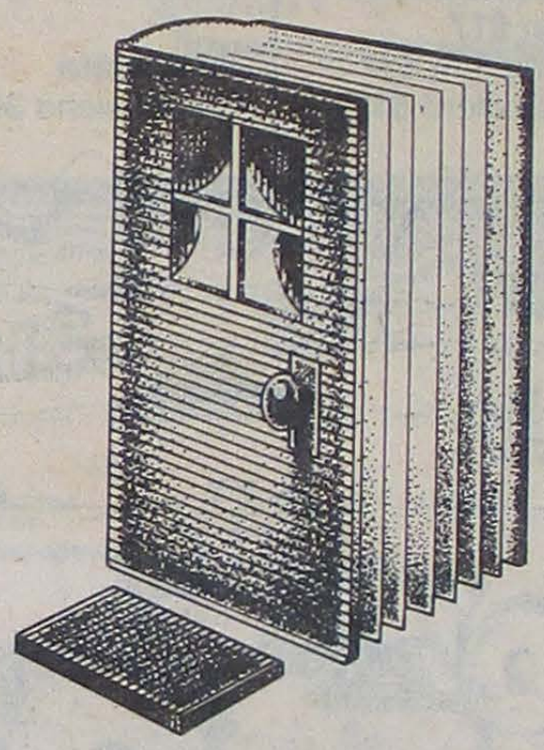

Ask for coin phone refund
If one of our coin phones collects your money but you don't talk to anyone, report it by dialing the "**O**" (Operator) from another phone. We'll see that the phone gets fixed and mail you a refund.

Call during bargain times
Rates on direct dial long distance calls are lower during evening, night and weekend hours. Also, take advantage of holiday rates on New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day. See the rates on pages 16 and 17.

Use a Calling Card when you are away from home
Next to direct dialing a Calling Card is the most economical way to make a long distance call. You can get a free Calling Card by calling your Service Representative.

Ask for credit on poor connection
If you have a poor connection or are cut off on a long distance call, both parties should hang up. If you made the call, tell the Operator and ask to be reconnected. You will also get an adjustment.

Look in the book
Before making a long distance call to a business in another town, check your phone book to see if the business has a toll-free number. If they do, you'll save yourself the price of a long distance call.

Vacation aid
If you're going to be away from home for a month or more, you can save money by temporarily suspending your telephone service. The rate for suspended service is lower than most regular rates, and you can have your calls transferred to another number. There is a charge to restore your service when you return home.

Local Calling

There is no long distance charge on calls from your community to those listed below it, if dialed without operator assistance. Just dial the number.

NORTHWESTERN BELL

TO CALL A PARTY ON YOUR LINE

Two-Party customers dial the listed number, hang up. Your bell and the bell of the called telephone will ring until the called telephone answers. When your telephone stops ringing, lift your receiver and begin your conversation. If no answer, lift your receiver for a moment and then replace it. This will stop the ringing and will clear the line for other calls.

What to do about annoying telephone calls

Here are some suggestions that will help you handle annoying telephone calls and perhaps keep them from recurring.

Annoying sales or survey calls

1. A telephone call is just as personal as a face-to-face conversation. Don't feel obligated to answer questions just because the caller sounds "official." Don't answer questions on the phone you wouldn't answer if they were asked by a stranger on the street.
2. Always find out who is calling and the company he or she represents.
3. If the caller is a salesperson and you aren't interested, say so. Ask the caller to send you all the information in a letter so you can consider it at your leisure.
4. If you don't recognize the name of the company conducting a survey, offer to call back or ask the caller to call you again after you have time to check the firm with the Better Business Bureau.
5. Remember, it's your phone and your time. If you're simply not interested, say so. If the caller is rude enough not to let you go graciously, hang up.

Nuisance Calls

1. Always use the telephone on your terms, not those of the caller. Don't talk to anybody unless you want to.
2. Ask the caller for his or her identity. When a voice asks, "Who is this?" don't answer. Instead, ask "What number did you call?" or "Who do you want?" If the call isn't legitimate, that very likely will end it.
3.Tell your children and their baby sitter never to talk on the phone to anybody they don't positively recognize. An innocent comment like "Daddy's out of town" could be helpful to a burglar. Teach them to ask for the number so someone can call back later.
4. If the caller remains silent after you answer, *hang up!* Some want to listen, just to see what you'll do, particularly to see if you'll be angry. It isn't much fun listening to a dead line.

Abusive, harassing or obscene calls

1. As with the milder nuisance calls, this caller might remain silent for a little while. Don't give the caller a chance to get started. Hang up!
2. If a caller makes any obscene or suggestive remarks, hang up.

Threatening calls

In this category are the extreme cases—the bomb threats, the threats to life and property, the threats of kidnapping, robbery or bodily injury to members of the family. Sometimes, too, these calls are repeated over an extended period of time to harass and frighten a family. If you are unfortunate enough to be a victim of such a campaign, *call the police and call the telephone company—immediately.*
We will work with you and the police to eliminate the problem.

Persistent annoying calls

If you keep getting annoying calls, apparently from the same person, after you've used the techniques suggested on this page, call the telephone company's business office. We'll do our best to help.
We have representatives who are trained to investigate and help identify the source of these calls.

How to save time and worry on the telephone

USE AREA CODES.
Avoid calling wrong numbers by dialing the correct Area Code when you're calling outside your own Area Code. Area Codes are listed in the Customer Guide section in the front of the directory.

SHOP BY PHONE.
Shopping by phone can save you time, effort and transportation costs. You'll find most anything you need quickly and easily in the Yellow Pages. Business and professional people are listed by the product or service they provide. Check the Yellow Pages' "Action Index" where subjects are cross-referenced.

ARRANGE FOR A CONFERENCE CALL.
Owe the relatives a call? Call them all at once. The operator can set up a conference call and get you all on the line at the same time. To speed connections, pre-arrange the call. The operator can tell you in advance how much the call will cost.

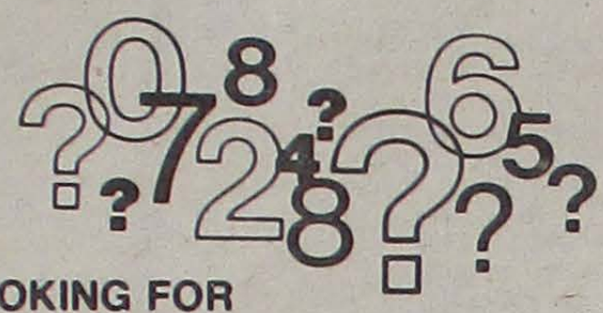

WRITE IN YOUR PHONE BOOK.
You'll find names and numbers easily the second time if you underline or circle them in the directory when you first look them up.

MAKE A LIST.
You can speed the time it takes to get in touch with people if you make a list of the numbers you call frequently.

BEFORE YOU DIG OR TRENCH:
To avoid cutting a buried telephone cable, please call the phone company before you dig. The special number for buried cable locations is listed in the front of this directory. There is no charge, and if may prevent you from knocking out vital telephone service for many people.

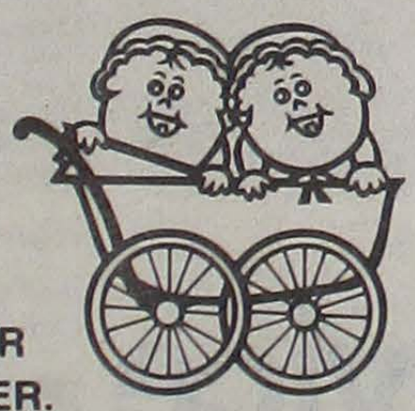

LET IT RING.
Give the person you're calling enough time to answer. Wait at least six rings before you hang up.

LOOKING FOR OUT-OF-TOWN NUMBERS?
Ask us for a directory for any city you call frequently. (There is a charge for out-of-state directories.) If you need the number for someone in a distant city, just dial the Area Code for the city, plus 555-1212. To see what time it is in the place you're calling check the time zones on the Area Code map in the Customer Guide.

NUISANCE OR HARASSING CALLS:
You don't have to listen to pushy sales people. An effective way to stop their annoying calls is to say "no thanks" and hang up. The same "hang up" rule applies for callers who want to harass you or use obscene language on the phone. If these calls continue, call your telephone business office.

RSVP BY PHONE.
It's much faster and easier to answer written invitations by phone. And etiquette experts say it's socially correct.

SHOW YOUR BABY SITTER.
Show your baby sitter where to find phone numbers for fire, police and doctors in case of emergencies. And, of course, leave the number where you can be reached, right beside the phone.

TRAIN THE KIDS.
Teach your children to use the phone properly so they'll be ready in an emergency. Teach small children their phone number; then they can call home if they get lost. Give them change for emergency calls.

IN CASE OF EMERGENCY:
You can be ready for any home emergency if you write down phone numbers for police, fire, ambulance and doctors — and keep these numbers close to your phone. You'll find emergency numbers on the inside front cover of this directory. If, however, the number isn't handy in an emergency, dial "O" (Operator) for assistance. Operators are on duty any time, day or night, to help you.

TELECOMMUNICATIONS CENTER FOR DISABLED CUSTOMERS:
If you or someone you know have a disability or have difficulty using standard telephone service, call the Telecommunications Center for Disabled Customers. We can recommend equipment and services for customers with hearing, speech, vision or motion impairments, and for students confined to their homes. Or, we will do our best to help design an effective solution. Customers using Telecommunications Devices for Deaf Customers (TDDs)* may contact the Center about any aspect of telephone service — including telephone repair service. To reach us, call 1+800+328-8338 (toll-free) by telephone or TDD between 8 a.m. and 5 p.m. weekdays. After business hours, an answering device will record TDD messages.

*formerly called teletypewriters or TTYs

PUT YOUR PHONE NUMBER ON STATIONERY.
Make it easier for friends and business people to get in touch with you by having your phone number and Area Code printed on your letterhead and memos.

TO HAVE YOUR PHONE REPAIRED.
When you have trouble with your telephone company-provided telephone, call Repair Service. The number is listed in the Customer Guide of the directory.

Spirit of Service — a Tradition Continues at Northwestern Bell

One of the best known telephone pictures, "The Spirit of Service," has been symbolizing Bell System tradition for nearly a century. The picture depicts a real incident. In 1888, a fierce blizzard swept the New England area. Angus MacDonald, the man in the painting, and scores of other linemen, patrolled the lines to keep communications open. Nearly a century later, as we enter the Information Age, this Bell System tradition for service reliability is still strong. Through fires, floods, blizzards and other calamities, we keep the lines open.

Northwestern Bell Yellow Pages

How to be a better buyer

Millions of people "Let Their Fingers Do The Walking" and shop the Yellow Pages. They find the Yellow Pages an easy, convenient source of telephone numbers and buying information.

As publishers of the Yellow Pages, we want you to be satisfied with our product and to use it frequently. And we know that the best way to do this is to keep your confidence in our directories. We are proud of our record! We will not knowingly accept misleading or unethical advertising. If copy not meeting our standards is found, it is quickly removed.

To help you get greater value in all your buying, we have listed some good shopping tips which are worth remembering.

Price. Service provided after a sale may affect the selling price. Ask if the selling price included delivery, installation and service charges. Also ask about returns and refunds.

Estimates and Receipts. On major purchases, obtain estimates from more than one company. Receipts should be obtained for all payments, as well as for appliances taken from your home or left for repair.

Service and Repair. Check the cost of service calls by telephone. When the repair person is on the premises, ask for an estimate of the total cost of repair, then get an itemized bill before paying.

Contracts and Credit Details. Don't be rushed into signing a contract if you are unfamiliar or unsure. Ask for a copy to take home for a careful review. Learn the terms, interest rate, and payment plan. Be sure to retain a copy of everything you sign.

Guarantees. All guarantees and promises should be in writing. Find out who is responsible for carrying out the terms of the guarantee. If there is a registration card, be sure to send it in.

Licenses. Some professions and occupations are required to be licensed or certified pursuant to local, state, or federal laws. Questions concerning the licensing status of Yellow Pages advertisers should be directed to the appropriate governmental agency.

We know that you will find Yellow Pages Shopping a rewarding experience.

Worry-saver tip:

Annoyance Calls

The best way to put an end to crank, prank, obscene or other annoying calls is to hang up immediately. If the calls persist, call your service representative. In difficult cases, we will work with the customer and authorities to catch the offenders. Threatening calls should be reported immediately to the police.

Check the front pages of this directory for other useful information about your telephone service.

Worry-saver tip:

Annoyance Calls

The best way to put an end to crank, prank, obscene or other annoying calls is to hang up immediately. If the calls persist, call your service representative. In difficult cases, we will work with the customer and authorities to catch the offenders. Threatening calls should be reported immediately to the police.

Check the front pages of this directory for other useful information about your telephone service.

To find "where to buy it" look first in these Yellow Pages.

In their advertising in these Yellow Pages, the business people tell you what YOU want to know. Won't you tell them what THEY'D like to know...that you found them in the Yellow Pages?

A compass leads you through the woods — these Yellow Pages lead you to the goods! For faster service use the Yellow Pages. A glance at the Yellow Pages will nearly always tell you who sells it — and when.

Worry-saver tip:

Be ready for an

Emergency

Turn to the inside front cover of this book. You'll find a list of numbers to call in case of emergency situations.

Worry-saver tip:

Annoyance Calls

The best way to put an end to crank, prank, obscene or other annoying calls is to hang up immediately. If the calls persist, call your service representative. In difficult cases, we will work with the customer and authorities to catch the offenders. Threatening calls should be reported immediately to the police.

Check the front pages of this directory for other useful information about your telephone service.

Worry-saver tip:

Annoyance Calls

The best way to put an end to crank, prank, obscene or other annoying calls is to hang up immediately. If the calls persist, call your service representative. In difficult cases, we will work with the customer and authorities to catch the offenders. Threatening calls should be reported immediately to the police.

Check the front pages of this directory for other useful information about your telephone service.

Worry-saver tip:

Worry-saver tip:

Annoyance Calls

The best way to put an end to crank, prank, obscene or other annoying calls is to hang up immediately. If the calls persist, call your service representative. In difficult cases, we will work with the customer and authorities to catch the offenders. Threatening calls should be reported immediately to the police.

Check the front pages of this directory for other useful information about your telephone service.

Worry-saver tip:

Be ready for an **Emergency**

Turn to the inside front cover of this book. You'll find a list of numbers to call in case of emergency situations.

Worry-saver tip:

Annoyance Calls

The best way to put an end to crank, prank, obscene or other annoying calls is to hang up immediately. If the calls persist, call your service representative. In difficult cases, we will work with the customer and authorities to catch the offenders. Threatening calls should be reported immediately to the police.

Check the front pages of this directory for other useful information about your telephone service.

WHAT & WHEN?

These YELLOW PAGES are a dependable buyers' guide. Use them to save time when you want to know where to find some product or service.

Worry-saver tip:

Annoyance Calls

The best way to put an end to crank, prank, obscene or other annoying calls is to hang up immediately. If the calls persist, call your service representative. In difficult cases, we will work with the customer and authorities to catch the offenders. Threatening calls should be reported immediately to the police.

Check the front pages of this directory for other useful information about your telephone service.

Turn to the inside front cover of this book. You'll find a list of numbers to call in case of emergency situations.

You've made a good choice.

Dining out, whether for lunch or dinner, is supposed to be a pleasure. And with us it is. A setting that's unique, with service that's efficient but cordial, and a menu that's our pride. Steak, seafood, a variety of soups and a perfect complement of vegetables — the food you like at prices you can afford.

Dining out.

JEWELL
NORTHWESTERN BELL

Your complete telephone number is needed on long distance calls-both to and from Jewell-and whenever you give your number to others. However, on local calls to other Jewell telephones, the first two numbers-82-may be omitted.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

Two-party customers dial 421.

After dialing the number hang up. Your telephone and the called telephone will ring until the call is answered. When the ringing stops, remove receiver and start your conversation. If no answer, remove receiver for a few seconds and then replace it to stop the ringing.

GENERAL TELEPHONE

TO CALL A PARTY ON YOUR LINE

If on repeated attempts to call a number the line is always busy it may be that the called number is on your line. Or if it is known that the party you wish to call is on your line, and you wish to call that party, proceed as follows:

1. Lift your receiver and listen for dial tone.
2. Dial 99 and directory listed number.
3. After dialing you will hear the busy tone. Then replace your handset. Allow a reasonable length of time for other party to answer, then pick up your handset and talk.
4. When the party you are calling answers, he will hear a 'ticking' sound which indicates that he should wait for calling party to speak.
5. If the called party does not answer, replace your handset.

Two things to teach a child about the telephone...

how to dial emergency numbers... and how to dial "home"

Emergencies are never expected. But they **do** happen.

Teach your children how to dial emergency phone numbers. Children should also be taught to give their name, their address (including town) and their phone number during an emergency call.

Remember, as children get older and braver, they sometimes get lost.

By teaching your child your home phone number, he or she can call you, or give the number to someone who can.

You'll feel better...and your child will, too.

Be careful not to turn your teaching into a game. Children should know the telephone is **not** a toy.

What to do about annoying telephone calls

Here are some suggestions that will help you handle annoying telephone calls and perhaps keep them from recurring.

Annoying sales or survey calls

1. A telephone call is just as personal as a face-to-face conversation. Don't feel obligated to answer questions just because the caller sounds "official." Don't answer questions on the phone you wouldn't answer if they were asked by a stranger on the street.
2. Always find out who is calling; the name of the person and the company he or she represents.
3. If the caller is a salesperson and you aren't interested, say so. Ask the caller to send you all the information in a letter so you can consider it at your leisure.
4. If you don't recognize the name of the company conducting a survey, offer to call back or ask the caller to call you again after you have time to check the firm with the Better Business Bureau.
5. Remember, it's your phone and your time. If you're simply not interested, say so. If the caller is rude enough not to let you go graciously, hang up.

Nuisance Calls

1. Always use the telephone on your terms, not those of the caller. Don't talk to anybody unless you want to.
2. Ask the caller for his or her identity. When a voice asks, "Who is this?" don't answer. Instead, ask "What number did you call?" or "Who do you want?" If the call isn't legitimate, that very likely will end it.
3. Tell your children and their baby-sitter never to talk on the phone to anybody they don't positively recognize. An innocent comment like "Daddy's out of town" could be helpful to a burglar. Teach them to ask for the number so someone can call back later.
4. If the caller remains silent after you answer, *hang up!* Some want to listen, just to see what you'll do, particularly to see if you'll be angry. It isn't much fun listening to a dead line.

Abusive, harassing or obscene calls

1. As with the milder nuisance calls, this caller might remain silent for a little while. Don't give the caller a chance to get started. Hang up!
2. If a caller makes any obscene or suggestive remarks, hang up.

Threatening calls

In this category are the extreme cases—the bomb threats, the threats to life and property, the threats of kidnapping, robbery or bodily injury to members of the family. Sometimes, too, these calls are repeated over an extended period of time to harass and frighten a family. If you are unfortunate enough to be a victim of such a campaign, *call the police and call the telephone company—immediately.*
We will work with you and the police to eliminate the problem.

Persistent annoying calls

If you keep getting annoying calls, apparently from the same person, after you've used the techniques suggested on this page, call the telephone company's business office. We'll do our best to help.
We have representatives who are trained to investigate, and help identify the source of these calls.

For student numbers ..... 8 A.M. to 5 P.M. Dial Operator
5 P.M. to 12 MIDNIGHT Dial 4-4357
For off-campus numbers ..... Dial 9, then 1411

YOUR UNIVERSITY HAS A MODERN TELEPHONE SYSTEM CALLED CENTREX

Centrex service is easy to use—

- **To call another campus telephone, just** dial the last five digits of the listed number.
- **To call an off-campus telephone,** dial 9, then dial the listed number.
- Off-campus callers and out-of-town callers can dial direct to University telephones without going through a central switchboard by dialing the complete 7-digit number.

YOU CAN DIAL ALL YOUR OWN LONG DISTANCE CALLS FROM RESIDENCE HALL PHONES

See page 12 in the front of the directory for complete dialing instructions.

WHEN YOU DIAL A LONG DISTANCE CALL, IT WILL BE AUTOMATICALLY CHARGED TO THE RESIDENCE HALL TELEPHONE YOU ARE USING.

STUDENT RESIDENCE HALL BILLING

Northwestern Bell will send a statement of long distance calls to residence hall rooms about the 5th of each month. Each room resident will be responsible for his or her own calls, but it may be convenient for one roommate to collect for the calls the others made and pay the entire bill. Payment is due when bill is received and past due by the 17th.

Payments can be made by mail, in person at the telephone business office, 509 Main or in person at our payment agency listed below:

IMPORTANT FACTS FOR PEOPLE IN BUSINESS...

DID YOU KNOW... TWO GROUPS OF *ACTION* BUYERS RELY ON THESE YELLOW PAGES?

BECAUSE . . . they are always available to provide complete buying information at the moment buyers want the products and services you sell.

GROUP I

BUYERS LOOKING FOR A PARTICULAR FIRM. . .

Because:

1. Other satisfied customers have RECOMMENDED you.
2. They have been influenced by your other ADVERTISING.
3. You or your sales people have previously SOLICITED their business, but they weren't ready to buy. Now they are.
4. They're PASSERS-BY who have seen your place of business and were impressed.
5. They're FORMER CUSTOMERS of yours who want to do business with you again.

THESE BUYERS WANT TO DO BUSINESS WITH YOU SPECIFICALLY, AND THEY WILL, IF YOU WILL HELP THEM LOCATE YOU BY MAKING SURE...

1. Your firm can be found under all of the headings which apply to your business.
2. You capitalize on your location or address.
3. You display the slogan or emblem by which your firm is readily identifiable.
4. Your firm is listed by all of its known names.
5. If your firm name has an unusual spelling, feature it prominently.

GROUP II

BUYERS LOOKING FOR ANY FIRM. . .

Because:

1. They're NEWCOMERS to:
   - Your Market Area
   - A Hobby or Sport
   - A Family Situation (Marriage)
2. They're EMERGENCY buyers.
3. They're DISSATISFIED with their present source of supply.
4. They buy INFREQUENTLY.
5. They're seeking COMPETITIVE BIDS.
6. They're TRANSIENTS.

BUYERS SEEKING ANY FIRM TO DO BUSINESS WITH ARE INFLUENCED IN THEIR SELECTION BY CERTAIN FACTORS IN ADVERTISING COPY SUCH AS:

1. Reliability
   Years in business, experience, etc.
2. Authorized Sales & Service
   Brand Names
3. Safety & Protection
4. Complete Details of Service
   Delivery, "Open 24 Hours", etc.
5. Illustrations & Emblems
6. Location

Northwestern Bell Yellow Pages

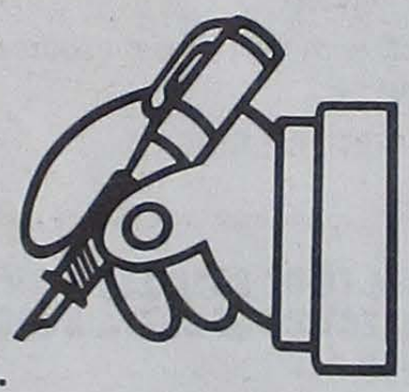

Call your Yellow Pages representative to plan your program. Look in the Yellow Pages under "Advertising-Directory & Guide."

How to save time and worry on the telephone

USE AREA CODES.
Avoid calling wrong numbers by dialing the correct Area Code when you're calling outside your own Area Code. Area Codes are listed in the Call-Guide section in the front of this directory.

SHOP BY PHONE.
Shopping by phone can save you time, effort and transportation costs. You'll find most anything you need quickly and easily in the Yellow Pages. Business and professional people are listed by the product and service they provide. Check the Yellow Pages' "Action Index" where subjects are cross-referenced.

ARRANGE FOR A CONFERENCE CALL.
Owe the relatives a call? Call them all at once. The operator can set up a conference call and get you all on the line at the same time. To speed connections, pre-arrange the call. The operator can tell you in advance how much the call will cost.

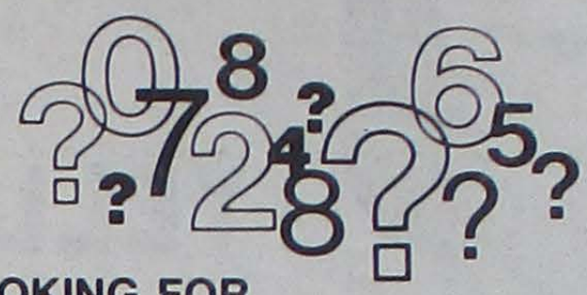

WRITE IN YOUR PHONE BOOK.
You'll find names and numbers easily the second time if you underline or circle them in the directory when you first look them up.

MAKE A LIST.
You can speed the time it takes to get in touch with people if you make a list of the numbers you call frequently.

BEFORE YOU DIG OR TRENCH.
To avoid cutting a buried telephone cable, please call the phone company before you dig. The special number for buried cable locations is listed in the front of this directory. There is no charge, and it may prevent you from knocking out vital telephone service for many people.

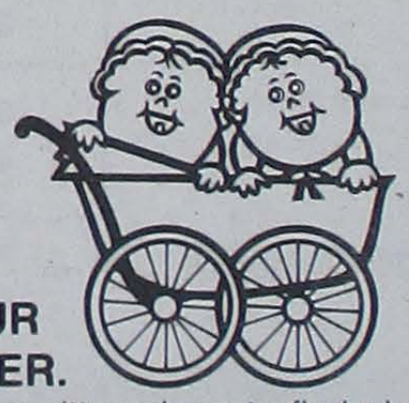

LET IT RING.
Give the person you're calling enough time to answer. Wait at least six rings before you hang up.

LOOKING FOR OUT-OF-TOWN NUMBERS?
Ask us for a directory for any city you call frequently. (There is a charge for out-of-state directories.) If you need the number for someone in a distant city, just dial the Area Code for the city, plus 555-1212. To see what time it is in the place you're calling, check the time zones on the Area Code map in the Call-Guide.

NUISANCE OR HARASSING CALLS.
You don't have to listen to pushy sales people. An effective way to stop their annoying calls is to say "no thanks" and hang up. The same "hang up" rule applies for callers who want to harass you or use obscene language on the phone. If these calls continue, call your telephone business office.

RSVP BY PHONE.
It's much faster and easier to answer written invitations by phone. And etiquette experts say it's socially correct.

SHOW YOUR BABY SITTER.
Show your baby sitter where to find phone numbers for fire, police and doctors in case of emergencies. And, of course, leave the number where you can be reached, right beside the phone.

TRAIN THE KIDS.
Teach your children to use the phone properly so they'll be ready in an emergency. Teach small children their phone number; then they can call home if they get lost. Give them change to carry for emergency calls.

IN CASE OF EMERGENCY:
You can be ready for any home emergency if you write down phone numbers for police, fire, ambulance and doctors — and keep these numbers close to your phone. You'll find emergency numbers on the inside front cover of this directory. If, however, the number isn't handy in an emergency, dial "O" (Operator) for assistance. Operators are on duty any time, day or night, to help you.

HAVE A SPECIAL NEED?
Your telephone company may be able to provide special phone services if you have difficulty using standard telephones. There are phones for people with sight, speech or hearing problems; phones for those who have limited arm and hand movement; and phones which can be adapted for use in special locations by wheel chair or bed patients. Check with your local business office for availability and details.

PUT YOUR PHONE NUMBER ON STATIONERY.
Make it easier for friends and business people to get in touch with you by having your phone number and Area Code printed on your letterhead and memos.

TO HAVE YOUR PHONE REPAIRED.
When you have trouble with your telephone, call Repair Service. The number is listed in the Call-Guide of this directory. However, Northwestern Bell does not repair customer-provided telephone equipment.

o do about ng telephone calls

Here are some suggestions that will help you handle annoying telephone calls and perhaps keep them from recurring.

Annoying sales or survey calls

1. A telephone call is just as personal as a face-to-face conversation. Don't feel obligated to answer questions just because the caller sounds "official." Don't answer questions on the phone you wouldn't answer if they were asked by a stranger on the street.
2. Always find out who is calling; the name of the person and the company he or she represents.
3. If the caller is a salesperson and you aren't interested, say so. Ask the caller to send you all the information in a letter so you can consider it at your leisure.
4. If you don't recognize the name of the company conducting a survey, offer to call back or ask the caller to call you again after you have time to check the firm with the Better Business Bureau.
5. Remember, it's your phone and your time. If you're simply not interested, say so. If the caller is rude enough not to let you go graciously, hang up.

Nuisance Calls

1. Always use the telephone on your terms, not those of the caller. Don't talk to anybody unless you want to.
2. Ask the caller for his or her identity. When a voice asks, "Who is this?" don't answer. Instead, ask "What number did you call?" or "Who do you want?" If the call isn't legitimate, that very likely will end it.
3. Tell your children and their baby-sitter never to talk on the phone to anybody they don't positively recognize. An innocent comment like "Daddy's out of town" could be helpful to a burglar. Teach them to ask for the number so someone can call back later.
4. If the caller remains silent after you answer, *hang up!* Some want to listen, just to see what you'll do, particularly to see if you'll be angry. It isn't much fun listening to a dead line.

Abusive, harassing or obscene calls

1. As with the milder nuisance calls, this caller might remain silent for a little while. Don't give the caller a chance to get started. Hang up!
2. If a caller makes any obscene or suggestive remarks, hang up.

Threatening calls

In this category are the extreme cases—the bomb threats, the threats to life and property, the threats of kidnapping, robbery or bodily injury to members of the family. Sometimes, too, these calls are repeated over an extended period of time to harass and frighten a family. If you are unfortunate enough to be a victim of such a campaign, *call the police and call the telephone company—immediately.*
We will work with you and the police to eliminate the problem.

Persistent annoying calls

If you keep getting annoying calls, apparently from the same person, after you've used the techniques suggested on this page, call the telephone company's business office. We'll do our best to help.
We have representatives who are trained to investigate, and help identify the source of these calls.

names 'n numbers

There's room on this page to write telephone numbers of friends, neighbors, babysitters, doctors and other people you call from time to time. We hope you'll write all over it . . . and keep it handy.

By using your telephone directory to find numbers and then jotting them down on this page, you'll save yourself time and help hold down the cost of telephone service.
